MOP February 2015

Facilitator: Wilma Limjoco

Description:

So many of us feel like we do not have the gift of evangelism but through this session each person will realize they can do life on life discipleship that will lead to taking people from where they are to where God wants them. The purpose of this session is to show how relationship building is discipleship, which can become evangelism, as God through our lives and through his Word will bring others to himself.

Objectives:

1. To give each person tools that can be used in building relationships, that will bring people into a relationship with Jesus Christ through life on life discipleship.
2. Each person will understand how they can do evangelism through discipleship.
3. Each person will understand how they can disciple others into a relationship with Christ and in turn those they disciple will have the tools and the desire to disciple others into a relationship with Jesus Christ.
