

# Facilitator: Warren Janzen

## Description:

We are not trying to bring “church in a box” to every people. There is no “one size fits all” when it comes to how people gather and worship our LORD. Yet there are some common markers of a faithful community of Christ. What are those? This seminar will help articulate some irreducible minimums of church and illustrate how you can pursue establishing a reproducing church.

## Objectives:

1. To be able to articulate our key objectives in church planting
2. To gain some insight on what the process of church planting looks like
