

Session Title: Ethnic Church Debrief ~ MOP August 2019

Facilitator: Gary Ridley

Description:

The objective of this activity is to provide an immersion cross-cultural experience in the local MOP context. This experience and subsequent debrief and reflection will provide greater awareness of the challenges new missionaries face in participating in the life of a church in another culture.

Objectives:

- 1. Experience some of the emotions and dynamics of being a part of a worship service in an alternate cultural context**
2. Reflect on the learning that occurs as a result of that experience with application to future context

Handouts for Ethnic Church Debrief:

- [Ethnic Church Debrief](#)
- [Participant Observation as a Culture Learning Tool](#)
